The Montrose Historic District was designated in 2011. It comprises 386 contributing buildings and two sites built between 1812 and 1935. For additional information on our Historic District and what it means to our town, our state and our country visit the Historical Society or call 570 278-1881

With construction of the new library building near the High School, the entire Monument St. building will become the Historical Society and museum – get excited, get involved, ask what you can do!
